PREFACE.

THE CHARTS presented in this volume were furnished partly by the author and partly by other persons.

It needs no labored argument to show the propriety of a clear and accurate record of one's ancestors. A few persons may make the pretentious claim that all of importance centres in themselves and that all before is nought. A few others may make an equally foolish claim for self-importance on the ground of some particular line of descent.

1390172

But these shallow views are, (applying Roger Williams' words in another matter), "but sublunaries, temporaries and trivials."

The charts give equal prominence to all ancestors, whether paternal or otherwise, and are thus truly democratic.
